**THE NATIONAL 9/11 MUSEUM  
&  
Memorial**

Join us as we set sail to the "Big Apple" for this remarkable tour! Our journey will begin with an informative guided tour of Midtown and Lower Manhattan. The Birth of a City and a Country New York traces its rich history to Midtown & Lower Manhattan, the meeting point of the Hudson River and the East River. Originally named Nieuw (New) Amsterdam, New York City began as a small Dutch settlement in what is now known as Lower Manhattan. Broadway, which was then called Heere Straat (Gentleman Street), was nothing but a small road. Wall Street actually had a wall back in 1653 to protect the settlers from attacks. As the city grew, so did the nation. New York was the first capital of the United States and the spot where George Washington was inaugurated is marked by his statue. Over the years, Lower Manhattan has become the financial capital of the world. Today, the streets are teeming with people and filled with stories of New York's past, present and future. As you explore Lower Manhattan with your guide, you'll see the World Trade Center site, St. Paul's Chapel, Battery Park, and Trinity Church and the history of the Native American, Dutch, and the English. Lunch is included today before we head over to the National 9/11 Memorial and Museum. A 16-acre site of unparalleled heroism. The 9/11 Memorial consists of two massive pools set within the original footprints of the Twin Towers with 30-foot waterfalls cascading down their sides. Next, we have included a visit to the all new museum located within the archaeological heart of the World Trade Center site. This museum tells the story of 9/11 through multimedia displays, archives, narratives and a collection of monumental and authentic artifacts. This is a self-guided tour and we will be at the museum for two hours! This is one journey that will leave you with lasting memories! Don't forget your camera! On the way home we can make a dinner on own stop at the Blue Colony Diner! We can't wait to spend the day with you!

(Please note: Everyone will go through security at the National 9/11 Museum)

Many other options available. Call Maria at First Choice Tours to set up the perfect day or multi-day tour to NYC. Maria grew up in New York City and loves taking groups down to the most visited city in the world!
